*We are very proud to publish our newsletter **DONZINE** for the month of September – 2024.*

We aim at making our students more capable and enough to be self-directed and self-managed individuals who can face the challenges of life without fear. Our children not only taught to fly high in the open sky also to stay attached to the roots.

Our school has now earned a brand name for itself which is known far and wide for its quality education and grooming of young minds.

Watch and enjoy.

God bless you all.

How NEP/NCF Competencies Help Students Learn Better (Secondary Grades)

Some of the Dos and Don'ts

Avoid providing hints/additional support for stressed students, as this may affect the outcome of the assessment.

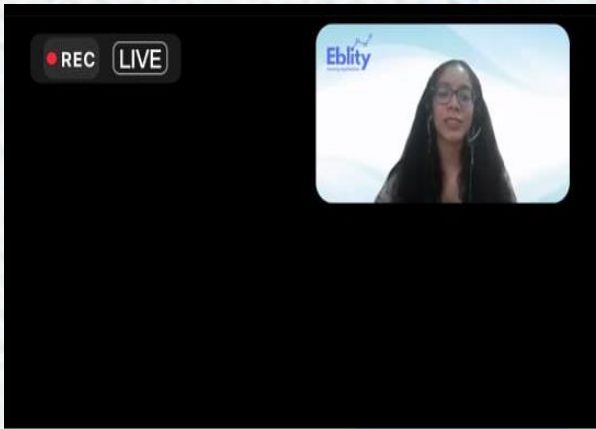

Create a supportive environment for stressed students, allowing fair assessment of their true capabilities.

I think you missed a number, would you want to count again?

It is okay if you do not know how to do it this time. I will be here to guide you and I am very sure you will be able to do better the next time.
